

Stor-All, Todd & Lisa Whear

Todd and Lisa Whear, owners of the Stor-All came up with a wonderful way to keep residents entertained and positive during the pandemic. The flatbed trailer roving through the streets of our community with entertainers during the pandemic provided a much-needed break for those stuck inside and socially distant. When people couldn't go out and enjoy entertainment, they brought the entertainment to them. These same entertainers were on hand to help the high school seniors celebrate their drive through graduation by setting up on street corners throughout the parade route, entertaining the spectators and seniors alike. Taking the show on the road was a great way to keep up our spirits during the shutdown.

Congratulations to Todd & Lisa Whear and Stor-All on your amazing community spirit!
